step-by-step

- We began making our Butterfly by painting the stem of a Plastic Spoon with Black Splash Paint. We then used Kindy Glitz to paint the head and added highlights to the stem.
- To make the eyes we glued two Small Rhinestones to the spoon and then added two Butterfly Jewels to the handle of the spoon.
- Use red Kindy Glitz to paint shapes onto the felt butterfly wings. Once dry, paint these shapes with glue and add Silver Glitter.
- Glue Heart Scatters around your glitter shapes to make a border.
- Now all you have to do is glue your Plastic Spoon to your Felt Butterfly.
