

To get started  
you will need...

- Tinsel Pipe Cleaners 003194
- Cardboard Flower Holder 366070
- Kids PVA Glue 085746

### step-by-step

- To make each flower you will need to use two Tinsel Pipe Cleaners. Bend the first pipe cleaner to form three petals wrapped together in the centre with the end of the pipe cleaner.
- Attach the second pipe cleaner in the centre and continue to wrap to form another two petals.
- Cut a length of green pipe cleaner to form your stem, thread it through the centre of the flower.
- Join the flower holder at the base with glue then stand your flowers in the holder.
