- Glue the Wiggle Eyes where the eyelashes start, to cover the holes.
- Using a Jumbo Triangular HB Pencil draw a mouth shape onto a red Acrylic Felt Sheet and cut out with Student Scissors. Attach to the face using Kids PVA Glue.
- Cut some white Roving Strips fairly long to use as hair and glue to the top section of the head.
- Attach a piece of Silver Beading Wire in the bottom of the head to attach it to the doily dress.

step-by-step

- To create the Doyley angel dress, cut the Pink Doyley into four even sections, making sure you don't cut it all the way through. (Leave a 5cm gap from the centre).
- Using EXP Crystal Clear Office Tape, tape the Doyley to form a dress. Stick it on the inside and overlap each section at least halfway across each section. Then push the top of the Doyley inwards for the head to sit on.
- Insert the bottom of the wire from the head into the top of the Doyley to form your angel.
