

To get started  
you will need...

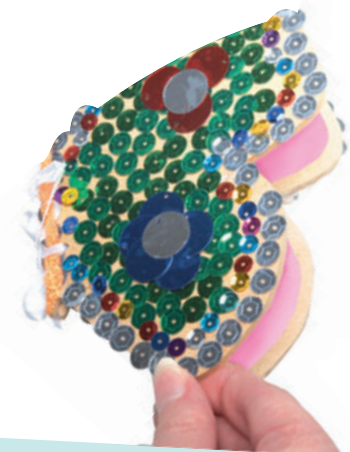

- Easter Bonnet 342410
- Crayola™ Bright Washable Markers 339267
- Bunny Paper Shapes 341313
- Kids PVA Glue 085746
- Foamies 089458
- Wiggle Eyes 246181
- Kindy Glitz Crystalite Colours 162040
- Egg Paper Shapes 341321
- Mothers Day Paper 342535
- Pink Doyley 228239
- Glitter Stretch Tubing 322396
- Assorted Shredded Paper 326009
- Glitter Stocking Pieces 322404
- Beading Wire 281758
- Roving Strips 325399
- EXP Crystal Clear Office Tape 323634
- Student Scissors 177477

## step-by-step

- To begin you will need an Easter Bonnet.
- Colour the hat frames (the base, the middle and the top). Use Crayola™ Bright Washable Markers to create a triangle pattern, using purple and pink on each section.
- Decorate the four Easter Bunny Paper Shapes. We used the Roving Strips and glued the strips onto each Bunny Shape using Kids PVA Glue.
- Once the glue is dry, glue Foamies onto the Bunny Shapes. Use one large oval foam shape for the foot, one small oval foam shape for the paws, one small circle foam shape for the nose, and one small foam oval shape for each ear.

## step-by-step

---

- Now we glue the Wiggle Eyes onto the bunny.
- Next decorate three Egg Paper Shapes. Use different designs of the Mothers Day Paper and cut individual designs for each egg, using Student Scissors.
- Fold a Pink Doyley from the centre so the edges are in a bunch at the top and glue it into the centre of the top section of the hat using Kids PVA Glue.
- Place a fold about 3cm from the bottom of each Egg Paper Shape and glue around the doyley so each edge of the egg is touching.
- Tie the Glitter Stretch Tubing into circle shapes to form a bunch, so that each knot is tied at the bottom. Attach the Glitter Stretch tubing bunch in the middle of the Eggs, on the top section of the hat, by tying it around each egg.
- Glue some Assorted Shredded Paper around the remaining surface of the top section of the hat. Leave to dry.
- Glue the Bunny Shapes to the middle section of the hat with approximately a 4cm gap between each. Leave to dry.
- Make two bows using the Glitter Stocking Pieces and attach to the bottom frame of the hat using Beading Wire.
- Cut two pieces of Glitter Stretch Tubing about a metre long and twist them together. Wrap them around the base of the top section of the hat and tie at the end.
- Assemble the middle section of the hat and using EXP Crystal Clear Office Tape attach the ends together.
- Fold the middle section tabs outward.
- Turn the top section of the hat upside down and fold the tabs inward.
- Attach the top section of the hat to the middle section and using EXP Crystal Clear Office Tape attach each tab to the top inside of the middle section.
- Attach the bottom section of the hat to the middle section, by attaching EXP Crystal Clear Office Tape on the tabs of the middle section to the underside of the bottom section.
