step-by-step

- To make this Girl Egg you will need a Wooden Egg. First we painted the whole egg in Peach Liquicryl Paint.
- Paint red lips using Liquicryl Brilliant Red Paint and pink cheeks by mixing some red and Liquicryl White Paint and leave to dry.
- Cut approximately 20 x strands of Acrylic Wool Bright Yellow to the same size and tie two tiny bows using Assorted Ribbon, each halfway from the middle. Then glue the hair onto the top of the head using Kids PVA Glue and glue two Wiggle Eyes above the mouth.
- To make the body paint pink triangles using Pink Splash Paint on the top of the Wooden Egg Cup and on the bottom of the egg cup. Then paint the middle section in Black Splash Paint and leave to dry. Paint purple Kindy Glitz Crystalite around the outside of the pink triangles on the top and bottom.
