step-by-step

- To make the Jewellery Box you will need a Cardboard Utility Box.
- While the lid is on, paint swirls around the whole box, using a Round Paint Brush and pink Splash Paint and leave to dry.
- Take the lid off and continue the pink swirl pattern so the design continues with the lid off and leave to dry.
- Paint the lid using purple Splash Paint painting the blank section outside the pink swirls.
- Paint the bottom of the box using purple Splash Paint, again painting the outside of the swirls and leave to dry.
- Paint three dots in each swirl using blue Kindy Glitz, on the lid and bottom section. Leave to dry.
