

## To get started you will need...

- White Cardboard Squares 089706
- Jumbo Triangular HB Pencil 124404
- Multicoloured Sand 339390
- Kids PVA Glue 085746
- Round Paint Brush 009316

## step-by-step

- To begin you will need a White Cardboard Square, a Jumbo Triangular HB Pencil, Kids PVA Glue and Multicoloured Sand.
- Draw a design using the pencil. When you are happy with the design use a Round Paint Brush to paint Kids PVA Glue on the pencil drawing. Make sure you keep within the lines.
- Slowly pour sand over the glue drawing and leave to dry.
- Once the glue has dried, pour the remaining sand back into the container.

If you like this **craftactivity** you might like the foam heart photo frame.
