step-by-step

- Paint $\frac{3}{4}$ of a Hygienic Craft Roll with Silver Liquicryl Metallic Paint and the other $\frac{1}{4}$ pink with Liquicryl Paint. We mixed red and white Liquicryl Paints together to make pink.
- Tie gold Christmas Ribbon around the roll where the two colours meet and glue it down with Kids PVA Glue so that it stays in place and doesn't fall off.
- Using Kids PVA Glue, glue Blonde Curly Hair on the top of the roll.
- Cut a piece of Tinsel Pipe Cleaner about 5cm longer than the Hygienic Craft Roll. Using Kids PVA Glue, attach it to the back of the Hygienic Craft Roll and then with the long piece, bend it to make a halo above the hair.
- Draw a face onto Hygienic Craft Roll with a Marker.
