

## To get started you will need...

- Christmas Pony Beads 205658
- Beading Wire 216911
- Star Sequins 136887
- Tinsel Pipe Cleaner 003194
- Metallic Yarn 206987
- Kindergarten Scissors 147553

## step-by-step

- Simply thread Christmas Pony Beads onto Beading Wire. You can be creative and make a variety of different patterns. To add some sparkle we also threaded on some Star Sequins.
- Once you have completed your design make sure to twist the wire on either end to prevent the beads from falling off.
- When finished all you have to do is curl the wire into your desired Christmas Tree shape. We added a Tinsel Pipe Cleaner and bent this into a star shape on the top of the tree. You are now finished! Give to a loved one or add Metallic Yarn and use as an ornament to hang on your tree...
