- Cover Paper 266254
- Gold Turkey Feathers
267120
- PVA Glue 085746
- Black Wiggle Eyes
246181

step-by-step

- The first step is to assemble the White Fold- Up Basket.
- Next we cut a circle from cover paper to form the chickens head.
- We covered both of these with gold turkey feathers using Kids PVA Glue to help them stick. If you would like finer feathers for the face just trim the feather off the stem.
- Next we attached two wiggle eyes to the face using Kids PVA Glue. To make the beak we cut a square from the cover paper and folded it in half, then stuck one side to the face.

Now attach the face to the basket and you have a cute chick basket.
