

## To get started you will need...

- Paper Lanterns 268516
- Red Liquicryl Paint 228007
- Gold Metallic Yarn 044099
- Gold Metallic Paper 089656
- Kids PVA Glue 085746
- Round Stubby Brush Minor 009712

## step-by-step

- Paint a Paper Lantern evenly with Red Liquicryl Paint.
- Cut 8 pieces of Gold Metallic Paper 1.5cm x 24 cm. Once the paint has dried, glue the Gold Metallic Paper strips onto the Paper Lantern, in even increments.
- Wind the Metallic Yarn around your hand until it is quite thick. Take the Metallic Yarn off your hand and cut the bottom of the threads while holding the top of the bunch. Keeping a loop at the top, wind the Metallic Yarn around the bunch. Tie a knot to secure it.
- Thread a piece of Metallic Yarn through the loop and tie to the bottom of your Paper Lantern.
