step-by-step

- Wrap coloured paper around a Hygienic Craft Roll, making sure the paper hangs off the edge of both sides of the roll. Glue it down.
- Put the Bon Bon Snap through the craft roll with equal amounts hanging out each side, if the snap is too long, cut it to size.
- Twist one end of the paper and tie it with the Curling Ribbon.
- Place Lollies inside the roll then do the same with the other end.
- Cut slits in the paper right up to the Curling Ribbon. Now all you have to do is decorate the Christmas Bon Bon.
