step-by-step

- Place the blunt wooden dowel into the base of a Plastic Egg so that you can easily hold the egg whilst painting and decorating.
- Paint your Plastic Egg whichever colour you would like using the Liquicryl Paint Set.
- Once dry, glue Silver Metallic Yarn around the edge and through the centre of the egg.
- Use PVA Glue to attach some Red and Green Embossed Sequins. Now your Egg is complete. Give to a loved one or add a Silver Metallic Yarn loop and use as an ornament to hang on your tree...
