- Cut a length of a green Acrylic Felt Sheets measuring approximately 5 x 30cm. Then cut 9 evenly spaced small holes along the length of the felt.
- Insert a Tinsel Pipe Cleaner through the holes – make sure to tie off each end to prevent this from moving. This is the body of the worm.
- Using Kids PVA Glue, glue a Christmas Glitter Pom Pom onto one end of the Pipe Cleaner and Felt. This is the head. Add two Medium Black Wiggle Eyes and a Christmas Glitter Pom Pom for the nose.
- To make antlers bend a Tinsel Pipe Cleaner into the desired shape and attach with Kids PVA Glue.
