

To get started you will need...

- Pom Pom Makers 226571
- Red 8 Ply Acrylic Wool 215590
- Green 8 Ply Acrylic Wool 215657
- White 8 Ply Acrylic Wool 215566
- Jingle Bells 042549

step-by-step

- To make a Pom Pom hold the two pieces of the Pom Pom Makers 's circular cardboard together, attach these together by wrapping wool through the centre circle and then around the outside edge of the circle.
- Wrap Red, Green & White Wool around until the hole in the centre of the donut shape can no longer fit wool through. Change colours as often as you like by tying on a new colour wool.
- Once the centre is full tie of the wool, snip around the outside edge of the circle.

step-by-step

- Pull the two pieces of cardboard away from the wool. Tie a separate string of wool in between the two cardboard circles before fully removing the cardboard from the wool. Remove the cardboard fully (you may need to tear the cardboard).
- Fluff out your pom pom! We added Jingle Bells 042549 to make ours more festive!
- If you don't want a Christmas Pom Pom try green and yellow for Australia, your favourite colours or even your favourite sporting team colours!
