

To get started you will need...

- White Cardboard Wreaths 043174
- Light Green Crepe Paper 096875 or Christmas Felt 088237
- Kids PVA Glue 085746
- Tinsel String 042929
- Glitter Pom Poms 000042.
- Christmas Ribbon Mix 292342
- Kindergarten Scissors 147553

step-by-step

- Tear off small strips of Light Green Crepe Paper and scrunch these up into small balls. Stick these onto the White Cardboard Wreaths with Kids PVA Glue until the wreath is completely covered. If you don't want to use Crepe Paper you could use Christmas Felt.
- To add some sparkle weave some Tinsel String around the wreath and glue on some Glitter Pom Poms.
- To hang your wreath, tie a ribbon around the wreath to form a bow. Simply attach the end of this to your door. We recommend using Christmas Ribbon Mix. A fun and very easy activity!
