step-by-step

- This Angel is very easy to make. To begin cover the Christmas Craft Cone with Gold and Silver Embossed Sequins.
- You could make a different coloured skirt and try the Red and Green Embossed Sequins if you wish. We glued these on using Kids PVA Glue.
- Next we attached a Decofoam Ball to the Christmas Craft Cone using Kids PVA Glue.
- To decorate the face we used Crayola Super Tip Desk Pack Markers.

if you like this **craftactivity** you might like the papier mache gift bags.

step-by-step

- The next step was to make the angels wings. To do so we bent Coloured Florists Wire into a figure 8 and attached these to the angel using another piece of Coloured Florists Wire.
- Next we made the halo by bending Coloured Florists Wire. This then pressed easily into the top of the Decofoam Ball.
