## step-by-step

- Paint the Paper Plate pink by mixing a combination of Red and White Liquicryl Paint, to make pink.
- Use Glossy Christmas Paper to make Santa's Hat. Fold this into a triangle shape and glue onto the top of your plate using Kids PVA Glue. Add Wadding to the top and run a Tinsel Pipe Cleaner along the bottom of the hat.
- Add Santa's eyes using Large Black Wiggle Eyes. For his nose and rosy cheeks we used Christmas Glitter Pom Poms.
- To add lips, cut out the desired shape using Christmas Felt and simply glue this onto the Paper Plate. Now all you need to do is add Santa's hair using Wadding. You could also use White Curly Hair.
- Now you have your very own Paper Plate Santa!
