## step-by-step

- Cover a Cardboard Reindeer Mask with brown Acrylic Felt Sheets, to create a furry effect. Simply use a Marker to trace around the mask onto the felt to get the correct shape. Cut this out very carefully – making sure to leave eye holes. Alternatively you could paint this using the Liquicryl Paint Set.
- Outline the mask with Kindy Glitz and glue on some Pom Poms using Kids PVA Glue. Add eyebrows using Foamies.
- You could also add some extra sparkle using Coloured Jingle Bells, Christmas Bells, Christmas Glitter Pom Poms, Tinsel Pipe Cleaners or Embossed Sequins. Now you have your very own Reindeer Mask!
