

## To get started you will need...

- White 8 Ply Acrylic Wool 215566
- Decofoam Ball 137075
- Kids PVA Glue 085746
- Pom Poms 000034
- Medium Black Wiggle Eyes 002089
- Foam Sheets 089441
- Christmas Felt 088237
- Plain Matchsticks 003475
- Wadding 182550
- Metallic Yarn 206987

## step-by-step

- Cut a piece of cardboard 12cm wide. Wrap White Wool around the width of card at least 100 times. Cut end of wool when complete.
- Use another piece of wool and slide it under wrapped wool. Tie into a double knot at one edge of card. Cut opposite end of wool - so that wool comes away from card.
- Now you will have lots of lengths of wool with a tie in the centre. This is Santa's hair.
- Separate Santa's hair and glue this onto your Decofoam Ball using Kids PVA Glue.

if you like this  
**craftactivity**  
you might like the  
woolly reindeer.

## step-by-step

- Glue two Medium Black Wiggle Eyes and a Pom Pom for Santa's nose.
- Then cut out two mittens and a hat using Christmas Felt. Attach the mittens to two Plain Matchsticks and then press into the Decofoam Ball.
- Decorate Santa's hat with Wadding and attach using Kids PVA Glue.
- Congratulations you are now done! Give to a loved one or add Metallic Yarn and use as an ornament to hang on your tree...
